63 Instructors Get \$240 a Year Boost; Others Upped \$120

Sequoia High School teachers Monday won an almost two-year-long fight to get a "professional salary schedule," that is a pay scale on the basis of the amount of college training acquired by each teacher. The salary schedule adopted by the board of trustees grants 63 teachers \$240 a year increase and the remainder of the faculty their usual \$120-a-year increase. It includes only the first two ladders of the three-ladder scale, the third to be put into effect next year.

Teacher contracts, held up since July 1 will be sent out on the basis of last year's schedule with an escalator clause retroactive effective July 1 which will put each teacher on the new schedule as his or her college transcripts are on file with the administration.

Supt. Clyde Ogden said he would have to have a transcript from each teacher since many of the files are incomplete or the records written down from memory.

The board adopted the schedule unanimously and with little comment after a tedious discussion over a series of minor technical points. Trustees didn't start the meeting until 9:10 p.m. because of a caucus lasting more than an hour.

The schedule adopted was prepared by a committee of teachers and had been submitted to the trustees prior to the meeting. The board last Wednesday had asked the teachers to prepare a schedule in accordance with certain limitations agreed upon by the board and submit the schedule to the trustees for consideration last night.

This year only two columns of the schedule will be put into effect, the first with a salary range of \$3180-\$4860 and the second from \$3420 to \$5100.

Last week the teachers had asked that the full three-column schedule be put into effect with changes for 69 teachers averaging around \$500 a year and the \$120 increase for the remainder of the faculty. Trustees, however, balked at such large increases on the grounds that the district could not pay for them within the proposed budget.

According to Francis Hutchinson, one of the spokesmen for the teachers, the schedule adopted will cost the district about \$7500, amounting to a one-cent increase per \$100 assessed valuation in the tax rate.

Discussion centered mostly on minor issues concerning the schedule. For example, Trustee Keith Cole asked if the hurdle system would be continued or would there be an automatic \$120 increase in the new 15-step schedule with no academic requirements.

Unless you get a schedule in force for a while it doesn't mean anything to have hurdle requirements," Trustee Merritt Hosmer answered.

Trustee Kenneth L. Bowen asked if the hurdles were legal and Hosmer said he understood that they couldn't be enforced legally. Bowen said as he understood it a teacher must acquire six units of work or their equivalent every four years or not advance on the salary scale, and the discussion then went off on what subjects a teacher would have to take.

Board Pres. Charles Burgess said that one of the suggestions made by the board's salary committee was that once a final schedule was adopted, the salaries be held to a cost of living index, if the index goes up a certain per cent, salaries go up proportionately, and if the index goes down, so with salaries.

Burgess asked other trustees if they wanted to put the cost of living requirement in now or wait until the full schedule goes into effect next year. No definite answer to the question followed and Burgess later said the board could announce that when the third column of the schedule is adopted a cost of living index would be put down.

Report Burglary At RC Service Station

Redwood City police Wednesday reported the burglary of \$61.70 from the Al Brown Associated Oil Co. gasoline station at El Camino Real and Broadway.

They said that while John Carey, an attendant, was at the station grease rack the funds were taken from the till.

Sequoia Gym Plans to Cost \$4120 or More

Even if a new gymnasium is not built at Sequoia High School, it will still cost the taxpayers \$4120 or possibly more, it was reported Monday at a meeting of the high school board of trustees.

The board postponed action on a \$4120 bill sent in by the architect firm of Blanchard Maher and Paulus for preliminary plans on the proposed \$225,000 gym.

The gymnasium is a "doubtful starter" among the items on the building program since several trustees have indicated they favor building gymnasiums at the Menlo Park and Belmont schools before putting up a third one at Sequoia. No final decision on the Sequoia gymnasium has been made.

Trustee Merritt Hosmer questioned why the bill was brought up at a special meeting rather than at a regular meeting and Bus. Mgr. Humphrey Lynch said it was just a routine matter and he wanted it cleared up.

Keith Cole asked if the \$4120 would be all that would be paid if the board didn't go ahead with the gym and Lynch said he didn't know. Hosmer then asked that the matter of paying for the preliminary plans be postponed until a later meeting.

The preliminary plans were drawn up last Spring and submitted to Sacramento, were not approved, and were returned to the board for changes. Several officials of the State Division of Schoolhouse Planning at the time opposed construction of another gymnasium at Sequoia.

Lynch said that once before the school had to pay for plans on remodeling the gym, that when the project fell through the district paid 80 per cent of the 10 per cent architect's fee on the job.

Trustee Clifton Woodhams recalled that 10 years ago when the board called for bids for remodeling the gym, the district had \$40,000 and the bids came in at \$50,000. "Now," he said, "the gymnasium will probably cost us nearly \$250,000."

The \$4120 sought by Blanchard Maher and Paulus, is 20 per cent of the architect's fee.

Last Monday the board also: Met in closed session with attorney Irving Breyer, representing eight discharged teachers, but still announced no decision concerning the pending suit seeking the rehiring of the eight.

Took no action on a motion made by Kenneth Bowen that the district proportion its legal advertising among the five newspapers published within the district.

Voted to transfer \$99.86 from the budget's general reserve to the "other expenses of instruction" fund.

Sea Scouts Aid Ship in Distress

Harold S. Furstenberg was aided by two small private planes and a Belmont Sea Scout ship Sunday when his boat the "Beverly" out of Redwood City Harbor was being carried by the wind towards mud flats near San Mateo Bridge.

Furstenberg said the boat's motor coughed out and the wind began moving it towards the mud flats instead of Coyote Point where it was originally headed. There were six passengers on the boat.

He said two planes spotted the "Beverly" one circling over it and the other drawing the attention of a nearby ship. The approaching ship turned out to be the Belmont Sea Scout ship, which came to the rescue, pulled the Beverly out of the mud and towed it to Coyote Point.

Sea Scouts aboard the Belmont at the time included John Franzetti, Frank S. Cowden, Russell Geddecke, John Babcock Jr., Ed Haussler and Jerry Haussler.

Two Girls Shot Accidentally In Belmont

The inevitable unloaded gun that's really loaded was really loaded again this week and as a result two Belmont 13-year-old girls were treated at Community Hospital for minor flesh wounds.

Injured were Phyllis Estes, 696 El Camino Real, who suffered a flesh wound in the arm, and Joanne Lightner, 905 Ruth Ave., who sustained a minor chest wound. The two were sent home after emergency treatment at the hospital.

The accident occurred in a garage at 1240 Granada Ave., Belmont, where the two girls and three 'teen-age boys were washing a car.

According to one of the boys, they were looking at a .22 caliber rifle in the garage and it went off while being passed from one to another. It had previously been cocked and thought empty, the witness said.

The bullet passed through the arm of the Estes girl before striking the second girl, who was standing behind her.

Community Hospital officials said that the injuries were not serious.

Warren Signs Bills to Clear 'Dome' Title

Assemblyman Richard J. Dolwig announced Tuesday that Governor Warren has signed the bills designed to enable the county to clear title to California Square in Redwood City for a new county office building.

Dolwig received a telegram from the governor Tuesday to clarify an involved legal question of the title to the public square corner to the present courthouse.

Apparently the land was dedicated to Redwood City by the Arguellos for use as a public park, although there is no record of the deed or terms of the dedication, Dolwig said.

First of three bills offered by Dolwig at the last legislative session requires the board of supervisors to refer the proposed use of the square to its planning commission. The planning commission is to hold public hearings.

The second requires a lawsuit to be filed—probably by the city and to be defended by the attorney general—against all persons to clear the title. Dolwig explained that property owners around the square have an "intangible easement"—a right to expect that the square will continue to exist as such—and that such rights must be adjudicated.

Third requirement is a quiet title action because there are no known heirs in the case. This provision, Dolwig said, will require an action by the court assessing any potential damages to unknown heirs. The amount assessed by the court as damages which might result from changing the use of the land must be deposited with the county clerk. There is no time limit on this deposit, Dolwig pointed out.

Redwood City has deeded the land to the county for the courthouse annex, but the title companies would not insure the land because of the question of ownership.

County officials have indicated that as soon as the land has been turned over to the county, work will start on plans for the building and construction work is expected to start soon afterwards.

The annex is expected to house the superior courts, the justice courts, district attorney's office and clerk's office.

The next step in the action to pave the way for the new annex is deciding on what type of building is to be constructed, and the preparation of the plans.

Actual construction will probably take a year.

Before the bids are let, the supervisors must make arrangements for financing the construction. At present, \$400,000 is allocated for courthouse construction, but the cost of the building will probably run around \$1,000,000.

Tentative plans, discussed by the supervisors, call for a two-story building on California Square.

POLICE CHIEF C. L. (MICKEY) COLLINS

Rolison Announces Collins' Resignation

The resignation effective Oct. 1 of C. L. Collins as Redwood City police chief was announced this week by City Mgr. E. A. Rolison.

Rolison made the announcement as he started proceedings to pick a replacement for Collins, who is the oldest chief in point of service in the state.

He said that the chief had written him that he intends to resign on the 36th anniversary of the day he took office as a patrolman in this city.

Collins, who was born in Fresno, will be 60 years old Aug. 25 and said he planned to retire on his pension.

The heavy-set chief came to the Peninsula in 1911 as a Pacific Gas and Electric Co. employee. When he started work on a 12-hour night shift the city had a population of 1600.

At that time Collins and a day man were the entire police force. The force has since grown to 25 while the population of the city has grown to somewhere around 25,000.

Collins took over as chief in 1919 and has held the job since. In conformance with the city charter, Rolison said he would be the man finally to name the replacement.

Rolison outlined the procedure he plans to follow in picking the replacement.

He says that applications from qualified persons with "not less than five years previous experience of administrative responsibility in police work" are sought.

He also points out that the present salary is \$450 a month which is established by ordinance. The position is not part of the civil service but a retirement pension is provided and group insurance benefits are available.

The application forms, themselves, are an examination. A person filling one out will give information which would assist in determining the best man for the post.

Application must be received by Richard Miller, secretary of the personnel board, not later than Aug. 20.

They will be turned over, Rolison said, to a three-man board of review which will give oral examinations to those qualified and then turn over to Rolison the names of the top three candidates.

Rolison said he would pick from that trio.

Two Persons Hurt In RC Accidents

Two persons were treated for neck injuries at Redwood City Clinic as the result of weekend automobile accidents in Redwood City.

Mary Small, 37, 808 Roosevelt Ave., was injured Saturday at 4:23 p.m. on El Camino Real 130 feet north of Redwood Ave. in a three-car crash.

Drivers were Marie L. Ramond, 51, San Francisco; Georgina V. Williams, 34, 818 Fielding Dr., Palo Alto; and Henry Small, 44, 808 Roosevelt.

Omara W. Mierly, 54, 427 Douglas Ave., was injured Saturday at 9:23 p.m. when his car collided with one driven by Kenneth F. Wilson, 38, 2533 Webster St., Palo Alto. The accident happened on Middlefield Rd. 120 feet north of Douglas.

Seven persons, including four children, were taken to the clinic yesterday after a two-car smash up but none was found to be injured.

Drivers were Mrs. Virginia S. Anastasia, 36, 470 Myrtle St., and John H. Black, 22, Headquarters Co., 6th Army, San Francisco. Those inspected were Mrs. Anastasia, Douglas Anastasia, 7½; Margaret Whelan, 32, Arlene Whelan, 9; Lorraine Whelan, 6, and Lela Folger, 47. The Myrtle St. address was given for all of them.

3 Fishermen Stranded; Reach Shore

Two Redwood City and one San Mateo man walked to safety at 1:30 a.m. Monday after they were stranded by high tide on a reef 300 feet from shore near Purissima Creek.

Cold and hungry, the men were taken to their homes, but suffered no apparent ill effects from their exposures.

Dep. Sheriff Don Hartnett said that the men are Ira F. Sebring, 38, of 2877 Blenheim St., Redwood City; Wesley Meek, 32, 465 Third Ave., Redwood City; and Thomas Osterman, 36, of 236 Ramona St., San Mateo.

The three men, companions all summer on weekend fishing trips, Sunday morning at 4:30 went to the reef, about four miles south of Half Moon Bay.

While the tide was low they waded about 300 feet to a rock at the end of the reef. Mrs. Sebring said that her husband told her that the fish were biting well and they paid little attention to the tide.

The water rose, and by afternoon the men were stranded. The coast guard was called by passers-by who noticed the plight of the fishermen, and a jeep, carrying a small boat, was dispatched.

However, the equipment could not be moved to the beach, which is at the bottom of a sheer 200-foot cliff. Hartnett and Dep. Fire Warden Earl Peterson from the Rockaway Beach Station of the County Forest Service had spotlights during the night on the trio.

Meanwhile, the three men, who had not eaten since dawn, tried to cook a sea trout over a fire built from their bait boxes. However after the waves twice extinguished the fire they gave up and resigned themselves to waiting for low tide.

Hartnett said that the waves part of the time were washing the rock and he feared the men would be swept off it. Mrs. Sebring said that Osterman could not swim. She added that her husband told her that he stood in one spot for two hours, his feet braced, not daring to move.

At 1:25 a.m. Monday Hartnett believed the tide had receded enough, and he signalled to the men to wade ashore. They reached shore through three feet of water.

With them they still had the 19 fish they had caught.

Sues to Halt Street Work

A resident of the Sunset Highlands district in San Carlos today filed a complaint in superior court, asking the court to stop proposed street improvements in his neighborhood.

The complaint for an injunction was filed by George J. Sheridan, owner of Lot 10, Block 11, Howard Park, Western San Carlos.

Sheridan named as defendant the City of San Carlos, the city council, and L. C. Smith Co., street contractor.

Sheridan charged that on June 1, the city council adopted a resolution of intention stating that the council was ordering street improvements in the Howard Park and Sunset Highlands subdivision.

At a hearing on July 6, Sheridan stated, he and other owners of property in the area presented written protests against the improvements to the city council.

The protests, Sheridan said were signed by the owners of a majority of the area of the land within the assessment district.

On July 13, the complaint continued, the council "unlawfully" overruled the protest and adopted ordinances confirming the proposed assessment against the owners of the property.

Woodside Clerk Faces Drunk Driving Charge

Kenneth Foreman, 42-year-old Woodside clerk was arrested early Saturday night by San Carlos police on charges of drunken driving.

Foreman was picked up at 9 o'clock while driving south on El Camino Real. He was held at county jail in lieu of \$250 bail and is to appear on July 27 before Judge Rupert Johnson.

County Manager Says Poss or McDonald Seek Recorder Post

County Executive Frederick Peterson charged Wednesday that the board of supervisors is holding up the appointment of a county recorder because one of the board wants the job.

Peterson pointed out that the recorder's position has been vacant a month, since the death of T. Clark Rice.

He accused the supervisors of dilatory action in filling the vacancy, claiming that either Supervisor Martin A. Poss or San Mateo or Supervisor Edward R. McDonald of Burlingame has his eyes on the job.

Supervisor Poss is on vacation and could not be reached for comment, but McDonald denied that either he or Poss sought the job.

McDonald termed Peterson's statement "just a political trick." "I don't want the job," McDonald declared. "It's just another of Peterson's political remarks. I have never wanted any of those jobs—if I did, I'd run for them."

McDonald pointed out that it was agreed by the board of supervisors that no action would be taken on filling the appointment until Poss returns. He is expected to attend next Tuesday's meeting, when the supervisors will go through all the applications, McDonald declared.

"I think it is bad business for the county not to have a recorder," Peterson declared.

"The office of recorder is very important in county government since he is custodian of records and transfers of property."

He added that because the office is not filled, a "law of litigation" may result.

"I can't figure out what's behind this, since they have so many good men who have applied for the position," Peterson continued.

"I heard a rumor that the delay is due to the fact that one of the two supervisors whose terms expire next year is delaying this appointment so that public interest will cease."

"Then one of the two will step in and take the position."

The supervisors, who met in caucus Tuesday to discuss filling the appointment, reported that about a score of applications have been received for the position.

Chmn. Henry W. Edmonds said that he has not been able to familiarize himself with all of the applications because he was out of town for several weeks.

Belmont Council Backs Road Plan

Belmont city councilmen backed the stand of the city's planning commission Monday night, declaring the city was "wholeheartedly in favor" of the proposed plan to start engineering studies for the improvement of Old County Rd.

A resolution passed by the council at Monday's meeting put the group on record as "looking with favor" on the matter.

The council's resolution also called for the city to donate an "appropriate amount" for pre-engineering studies for the project, providing other cities get behind the project.

The Old County Rd. project calls for improvement of the highway as an inter-city link between Redwood City and San Mateo.

At a previous meeting of all county planning commissions, the Belmont Planning Commission had originated the idea.

After hearing a lengthy discussion on the proposed study, the councilmen adopted the measure after Councilman Edward Les Vesconte declared, "Let's back it, we started it."

Bayshore City Residents Seek New Police Plan

Steps are shortly to be taken toward having a county district police force established in Bayshore City.

Ellis Udall, dispatcher with the California Highway Patrol and Burlingame resident, has been contacting civic leaders regarding more adequate police protection through the district plan.

Under the present setup, policing is done by the sheriff's force. Residents for some time have contended that more police service than the sheriff's limited force can provide is needed in Bayshore City.

Taft Story Hour Changes Days

A change of date has been made in the story hours being sponsored by the Taft Parent Teacher Assn. The story hours will be held on Wednesdays at 2:30 p.m. instead of Fridays at 10:30. The meetings are held at the Taft School.

AIR FORCE MEN — Lt. Col. Roscoe H. Johnson Jr., Redwood City, right, a member of the United States Air Force Reserve, is shown being greeted by Maj. Wallace G. Walton, commanding officer of the 2150th rescue unit station at Hamilton Field. Colonel Johnson has assumed command of the 8560th rescue unit which is attached to Major Walton's organization. The two units act as rescue units in peacetime and are undertaking training to be ready for prompt mobilization.

Fiesta Entry List Closes For Professional Gardens

Mrs. E. G. McGinnis, general chairman of the amateur flower division of the San Mateo Fair and Floral Fiesta, announced today that Dr. Joseph E. Howland, garden editor of House Beautiful, would fly out to the fair for a personal appearance on Friday, Aug. 12.

Accompanying Dr. Howland will be his head photographer, Maynard Parker, who will photograph the floral exhibits for the magazine.

Adam Lowry, past president of the Peninsula Garden Assn. and member of the fair board of directors, reported that entries had to be closed in the professional outdoor gardens. He said that some 12 leading landscape architects would be represented in that division.

Lowry said that in the Floral Fiesta building all 64,000 feet of space was gone and that progress on the three breathtaking waterfall displays were speeding along.

Meanwhile a call was made for additional entries in the model garden and flower arrangement sections of the Junior Amateur

Division by Mrs. John Chapin, chairman.

Mrs. Chapin expressed the hope that more than 100 entries would be represented in that division this year. She said unlimited entries were open in the following divisions: Kindergarten through second grade featuring Mother Goose themes, arrangements with animals and fairy tale fantasies; third through fifth grades featuring story book dolls and arrangements with figures of the Old West; sixth through eighth grades featuring California scenes and titles of familiar Western songs.

Three junior model garden entries have been received according to Mrs. Chapin. She emphasized the fact that this particular division is still open and encouraged all youngsters to secure their entry blanks as soon as possible by writing Fiesta Headquarters, 2501 Pacific Ave., San Mateo, Calif.

Mrs. McGinnis said today that the model garden section had been closed, but that limited entries were still available in the flower arrangement section. She urged all prospective exhibitors in the modern, dried flower and metal container classes to make entries before the first of August.

Mrs. McGinnis also reported that all San Mateo Garden Clubs will have representative exhibits at the show in both the model garden and flower arrangements divisions.

Hubbard Police Chief In Atherton

Lt. LeRoy Hubbard of the Atherton Police Dept. Tuesday was named as successor to Police Chief J. Edward Farrell who is resigning from office effective Oct. 1.

The Atherton City Council accepted Farrell's resignation with regret. Farrell, who has been chief for the past 19 years, resigned effective Oct. 1 when his retirement comes up.

Mayor James Howell called Chief Farrell forward at the meeting and expressed the regret of the council at losing his services after 19 years.

Hubbard has been a member of the Atherton police force for the past 20 years. He recently returned to the force after a three-month leave of absence during which time he went to Washington, D. C., to attend the Federal Bureau of Investigation National Academy. He received a diploma from the academy on July 1.

City councilmen Tuesday approved the city budget for the 1949-50 fiscal year, but postponed setting of the city tax rate until the city receives the official assessment rolls from the county.

The new budget totals \$114,765, of which \$44,380 is to be raised from property taxes on an assessed valuation of close to \$7,000,000.

City officials expect the tax rate to be three cents less than last year's rate of \$65 per \$100 assessed valuation. The rate will be set at the Aug. 29 meeting.

Burglars Strip Two New Homes

Burglars, operating with a truck to haul away the loot, Monday night practically stripped all removable fixtures from two newly constructed homes in the Suburban Park district of Menlo Park.

Menlo Park police theorized that the burglars drove their truck into the attached garages at the two homes and loaded doors, electrical and plumbing fixtures into the truck.

Both homes were built for sale by the Moore & Tehaney Construction Co. around the corner from each other near the Hamilton and Chilco intersection. W. G. Moore said that he personally had locked both homes.

The thieves first removed the front and rear doors, and then went systematically through the homes unscrewing and unbolting every fixture and door. Other than the theft of about \$400 in fixtures, no damage was done to the homes, Moore said.

Francis Britschgi Reelected Head of RC Planning Group

Francis Britschgi today is the reelected chairman of the Redwood City Planning Commission. Other officers reelected Monday at the city hall are Paul Jones, vice chairman, and Joseph Territo, secretary.

Monday the commission also dropped the application of

George Dunand to have a lot on Edgewood Rd. near El Camino Real rezoned for multiple dwelling use. The land is now owned by Ben Silverstein who has an application pending which asks that it be rezoned so that it can be used for a doctor's office.

Recommended that the city council add a zone to the city zoning ordinance. The new zone, an "H" district, would be for highway commercial houses who would provide off street parking.

Denied an application by C. E. Puth that two lots be resubdivided at Annette Ave. and Hoover St.

Approved an application by H. H. Duncan that one lot at 711 Roosevelt Ave. be resubdivided into two lots.

Manufacturing Firm Sued for \$100,000

An employee of the Consolidated Chemical Co., South San Francisco, Tuesday filed suit for \$100,000 against an equipment manufacturer as a result of injuries he suffered last Aug. 6.

The suit was filed in superior court at Redwood City by John C. Turner, San Francisco, against the Proctor & Schwartz Co., Philadelphia, manufacturers of a big glue drying machine.

Turner stated that he was installing two thermostats in the machine, and that while he was in it, the machine was turned on. A moving part struck him and seriously injured him.

POINTERS FOR LONG DISTANCE CALLERS

How you can save money on your cross-country calls—and help us give you still faster service

2. When you place your call, you can save time all around if you give the information to your long distance operator this way: First, the name of town you're calling...then, the number if you know it, or the address. (Good idea to keep a list of the out-of-town numbers you call most frequently.) Next, if it's a person call, give the name of the one you want to talk with. The operator will then ask your name and number.

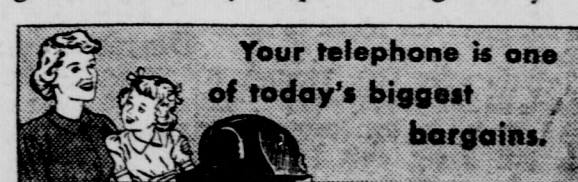

4. Wise use of the telephone—either local or long distance—helps you get the greatest value from it. And service is constantly growing more valuable. A local call is still just a few pennies. And you can make a daytime station call from coast to coast for only \$2.50, plus tax.

1. Even before you call, you can start getting the most for your money. It's a good idea to make a list of the things you want to talk about. A few handy notes can help make sure you won't think of something you really wanted to say—after you hang up. Experienced long distance users keep paper and pencil at the telephone and make notes while they're talking, too.

3. When you complete your call, be sure to hang up promptly—and properly. If you remember to use these pointers every time you call long distance, you'll be certain of getting the most from your call for the least money. With really efficient use of the telephone, you can pack as many words into a three-minute conversation as you can in a letter—and you'll get an answer to your questions right away.

PEACH CAKE

For baking a cake suitable for two, so that you won't be eating it all week—this recipe has been especially devised.
Peach Upside Down Cake
2 tablespoons butter or margarine
3 tablespoons brown sugar
1/2 cup sliced peaches
1/2 cup sifted enriched flour
1 teaspoon tartrate baking powder or 1/2 teaspoon double action baking powder
1/4 teaspoon salt
1/4 cup sugar
2 tablespoons shortening
1/4 cup milk
1/4 teaspoon vanilla extract
1 egg
Melt butter or margarine in 8-inch round baking pan. Stir in brown sugar and arrange peach slices on bottom of pan. Sift together flour, baking powder, salt, and sugar. Add shortening and 2 tablespoons of milk, and beat 2 minutes. Add remaining milk, vanilla extract, and egg. Beat 2 minutes more. Pour this mixture in pan and bake in a moderately hot oven (375 deg.) 25 minutes. Makes 4 servings.

BOTH PURITY STORES OPEN SUNDAYS AND EVENINGS

ARGUELLO and MARSHALL OR 922 MAIN ST.

NINE YEARS LATER — Nurses and patients watch men of London's Bomb Disposal unit bring a 2500-pound bomb to the surface after removing the fuse. The bomb, one of thousands dropped by the Germans in '40's blitz, had lain underneath a partly demolished building until it was discovered... nine years after being dropped.

Two Navy Fliers Rescued, Third Aviator Missing in Bomber Crash

SAN DIEGO (AP)—Two navy fliers were rescued early today by coast guardsmen and a third aviator is missing following the crash landing of their torpedo bomber off the Coronado Islands 15 miles southwest of here.

Saved were the passengers of the plane, N. K. Abt, 25, aviation electronicsman 3c, of Leonardo, N. J.; and J. E. Bukowski, 19, airman apprentice, of Ottumwa, Ia. A search by coast guard planes and surface craft is continuing for the pilot, whose name was withheld. The plane, which had been on practice anti-submarine patrol, sank.

Abt and Bukowski were suffering from severe exposure after

Grand Jury Sees Lentz' Account

LOS ANGELES (AP)—The bank accounts of Walter H. Lentz, former chief investigator for Atty. Gen. Fred N. Howser, are under scrutiny by the Federal Grand Jury.

U. S. Atty. James M. Carter said he delivered the accounts yesterday to the panel.

Lentz has been charged in a U. S. commissioner's complaint at Fresno with obstructing justice in the offering of money to James T. Mulloy, a key witness in Howser's \$300,000 libel suit against columnist Drew Pearson. Lentz is free on \$5000 bail.

Mulloy, of Fresno, has filed an affidavit to the effect that he was offered \$18,000 to repudiate a deposition made in Howser's suit. The deposition, made in Washington, D. C., alleges that Mulloy gave Howser \$12,000 bills as campaign expenses from Long Beach bookmakers.

Drunk Driving Charge Jails SC Carpenter

A San Carlos carpenter was arrested early this morning by Belmont police on charges of drunken driving after patrolmen stopped him to tell him his car lights were too bright.

Oran Carl Hackbarth, 45, 1979 Howard Ave., was arrested on drunk driving charges, failure to heed a siren and not having a driver's license in possession. He was picked up at 12:55 o'clock while driving north on El Camino Real.

He was held in county jail in lieu of \$200 bail and is to appear tonight in the police court of Judge Walter Truce.

Law Against Bigamy's 'Not So Tough' Today

SACRAMENTO (AP)—The law against bigamy's not quite as tough as it was.

A bill signed by Governor Warren yesterday says bigamists may be punished by fines not exceeding \$5000 or by imprisonment in the county jail not exceeding one year or in the state prison not exceeding 10 years.

Previously the law provided for both the fine and imprisonment in a state prison.

War Memorial Opera House Trustees Reported 7 to 4 in Favor of Reversing Their Ban on Kirsten Flagstad

SAN FRANCISCO (AP)—War ban on Kirsten Flagstad, but the and, well-informed sources say, coming opera season. Memorial Opera House trustees dispute probably won't be settled, may make a decision which will allow the Norwegian singer to sing in a situation in which there was a possibility of the opera season being cancelled. Trustees meet Monday night appear, as scheduled, during the the opera house—because of ru-

PUBLIC NOTICE

Nicholas Zoller, Atty.
NOTICE OF SALE OF REAL PROPERTY AT PRIVATE SALE

IN THE SUPERIOR COURT OF THE State of California, in and for the County of San Francisco.

In the Matter of the Estate of MARTIN KREILING, Deceased.

NICHOLAS ZOLLER, Executor of the Last Will and Testament of said deceased, do hereby give notice that he will sell at private sale to the highest bidder, for cash, and subject to confirmation of the Superior Court, on or after the 10th day of August, 1949, at the hour of 10 o'clock a.m. at the office of Joseph C. Haughey, Executor, 639 Phelan Building, San Francisco, California, or bids may be filed in the office of the Clerk of the Superior Court of the State of California, in and for the County of San Francisco, at any time after the first publication of this notice and before the making of the sale, all of the right, title and interest that said estate has by operation of law, or otherwise, acquired, in addition to the right, title and interest that said estate has by operation of law, or otherwise, acquired, of the following described real property:

All that real property situated in the County of San Mateo, State of California, and described as follows: Portions of Block 3, as designated on the map entitled "MAP OF SUBDIVISION NO. 1 WOODSIDE HIGHLANDS, SAN MATEO COUNTY, CALIFORNIA," which was filed in the office of the Recorder of the County of San Mateo, State of California, on May 11, 1948, in Book 3 of Maps at pages 67 to 70 inclusive and portions of the Corte Madera Ranch, more particularly described as follows:

PARCEL ONE: BEGINNING at a point on the easterly line of Santa Maria Avenue, distant thereon South 57° 56' East 27.5 feet; thence South 57° 56' East 27.5 feet to the corner of Lot 4 in Block 3, as shown on the Map of Woodside Highlands No. 1 above mentioned; thence from said point of beginning and leaving the said easterly line of said Santa Maria Avenue, South 55° 46' West 44.6 feet; thence South 11° 45' West 20.3 feet; thence North 34° 12' West 74.2 feet; thence North 34° 18' West 84.7 feet; to the easterly line of said Santa Maria Avenue, two courses as follows: South 70° 54' East 33.5 feet and North 57° 56' East 35.5 feet to the point of beginning.

PARCEL TWO: BEGINNING at a point on the easterly line of Santa Maria Avenue, which bears South 7° 26' East 33.5 feet from the corner of Lot 11 and 12 in Block 3 on Santa Maria Avenue, as shown on map of Woodside Highlands above mentioned; thence South 71° 24' East 15.0 feet; thence South 34° 18' East 14.7 feet; thence South 54° 15' West 20.3 feet; thence North 34° 12' West 74.2 feet; thence North 34° 18' West 84.7 feet; to the easterly line of said Santa Maria Avenue, two courses as follows: South 70° 54' East 33.5 feet and North 57° 56' East 35.5 feet to the point of beginning.

PARCEL THREE: BEGINNING at a point that is distant from the most westerly corner of Lot 9 in Block 3 as shown on map of Woodside Highlands No. 1 above mentioned, which is on the southeast line of Santa Maria Avenue, South 60° 01' West 27.0 feet; thence South 37° 56' East 63.8 feet; thence South 3° 45' East 121.4 feet; thence South 57° 56' East 35.5 feet; thence North 70° 54' West 33.5 feet; thence South 54° 18' East 34.7 feet to the point of beginning of the property to be herein described; thence South 34° 02' East 74.2 feet; thence South 55° 46' West 20.3 feet; thence South 38° 58' West 20.9 feet; thence South 51° 33' West 59.1 feet; thence South 62° 58' West 53.6 feet; thence South 45° 21' West 53.8 feet; thence on a curve to the right whose radius is 22.4 feet, by an angle of 62.37 feet; thence North 24° 24' East 59.4 feet; thence North 8° 59' East 70.0 feet; thence North 54° 15' East 67.2 feet; thence North 54° 15' East 66.0 feet to the point of beginning.

PARCEL FOUR: BEGINNING at a point on the easterly line of Santa Maria Avenue, distant thereon North 57° 56' East 15.5 feet from the most northerly corner of Lot 4 in Block 3, as shown on map of Woodside Highlands No. 1 above mentioned; thence from said point of beginning and leaving the said easterly line of said Santa Maria Avenue, South 55° 46' West 44.6 feet; thence South 11° 45' West 20.3 feet; thence North 34° 12' West 74.2 feet; thence North 34° 18' West 84.7 feet; to the easterly line of said Santa Maria Avenue, two courses as follows: South 70° 54' East 33.5 feet and North 57° 56' East 35.5 feet to the point of beginning.

PARCEL FIVE: BEGINNING at a point on the southeasterly line of said Santa Maria Avenue, which bears South 56° 02' West 26.5 feet from the most northerly corner of Lot 1 in Block 3 as shown on map of Woodside Highlands No. 1 above mentioned; thence North 51° 22' East 109.5 feet; thence South 35° 56' West 116.5 feet; thence North 57° 56' East 35.5 feet; thence North 57° 56' East 35.0 feet to the point of beginning.

PARCEL SIX: BEGINNING at the most northerly corner of Block 3, as shown on map of Woodside Highlands No. 1 above mentioned; thence North 51° 22' East 109.5 feet; thence South 35° 56' West 116.5 feet; thence North 57° 56' East 35.5 feet; thence North 57° 56' East 35.0 feet to the point of beginning.

TOGETHER with the improvements situated on the hereinabove described parcels, which form one piece of land.

PARCEL SEVEN: BEGINNING at a point on the southeasterly line of said Santa Maria Avenue, which bears South 56° 02' West 26.5 feet from the most northerly corner of Lot 1 in Block 3 as shown on map of Woodside Highlands No. 1 above mentioned; thence from said point of beginning, along the general southeasterly line of said subdivision, North 51° 22' East 109.5 feet; thence South 35° 56' West 116.5 feet; thence North 57° 56' East 35.5 feet; thence North 57° 56' East 35.0 feet to the point of beginning.

TERMS AND CONDITIONS OF SALE: Cash in lawful money of the United States of America, 10% of the purchase price to be paid at the time bid is made; balance of the purchase price on confirmation of the sale by Court.

Dated July 2, 1949.

JOSEPH C. HAUGHEY, Executor of the Last Will of Martin Kreiling, Deceased.

Filed July 2, 1949. Martin Mongan, Clerk; by E. Fournier, Deputy Clerk.

Nicholas Zoller, 639 Phelan Building, San Francisco 2, Calif., Attorney for Executor, Joseph C. Haughey.

Published by Times Gazette July 15, 22, 29, 1949.

Hale Trial No Nearer Settlement

Punctuated by sharp clashes between attorneys, the Edward F. Hale Jr., separate maintenance hearing was no nearer to settlement at close of court Tuesday afternoon than when the suit was first filed.

Superior Judge Andrew R. Schottky continued the hearing until next Monday afternoon after a three-hour session.

About a dozen attorneys, representing litigants and banks, lined up before the bench to present their versions of the case in the separate maintenance action brought by Mrs. Elfreda Keger Hale of San Mateo against the former Burlingame man who heads a Hayward construction equipment firm.

Abraham Setzer, attorney for Mrs. Hale, charged that Hale has signed his wife's name to a deed transferring the house in which he now lives at Crystal Bay, Nev., and to other papers.

The judge ruled, however, that the only point at issue at yesterday's hearing is whether Hale has a bona fide residence in Nevada, and whether the Nevada divorce Hale has obtained is valid.

Mrs. Hale contends that she still is married to Hale, while the latter maintains that he secured the Nevada divorce last Dec. 28.

Setzer and Albert Picard, Hale's attorney, clashed continuously during the hearing. The latter made numerous objections to testimony Setzer sought to introduce.

Setzer charged that Hale violated an order issued by Judge Edmund Scott, tying up Hales' assets pending determination of the suit.

"Every time he gets a chance he tries to make some cheap, petty, derogatory remark aimed at prejudicing your honor," Picard protested to Judge Schottky.

"The court has extensive experience, and is not likely to be prejudiced by remarks of counsel," Judge Schottky replied drily.

At one point Picard flared at Setzer: "Why are you making this grandstand play? There's no jury."

Hale, who formerly lived at 2804 Adeline Dr., Burlingame, claimed that he set up legal residence in Nevada last October, and that he has lived in that state since.

Setzer attempted to show that Hale has been out of Nevada by introducing a traffic citation Hale received in South San Francisco in November. Hale admitted making numerous trips on business, but said that he returned to Crystal Bay each night.

A request from Hoover School District residents for an additional \$3000 with which to complete a recreation building was held up for another report Monday by Redwood City councilmen.

After receipt of a district letter asking status of its request, Councilman H. E. Holmquist said that the district has used up the \$1200 donated by the city and the Community Chest. The additional request, he continued, was left off the Park and Recreation Commission budget request for this year and no funds were appropriated until City Atty. Cuthbert Currie decides whether the city can spend the funds. The building under construction is on land the city intends to sell to the Redwood City Elementary School District.

City Mgr. E. A. Rolison said he didn't believe that \$3000 would complete the structure, even with the donated labor involved in the community project. He also said some decision should be made on who would own, operate and maintain it once it was completed and that plans and specifications should be presented.

Swift Employees Plan Representation Fight

A ding-dong battle over union representation at the Swift and Co. meat packing plant in South San Francisco is shaping up.

Some 450 employees now are represented by the AFL Amalgamated Meat Cutters and Butcher Workmen (Butchers' Local 518).

But the CIO United Packinghouse Workers Local 263 has petitioned the National Labor Relations Board for an election, claiming to represent a majority of the employees. An election is expected to be called in the near future.

Delta Zeta Alumnae To Meet Aug. 8

The next regular meeting of the Delta Zeta Peninsula Alumnae Group will be held Aug. 8 at 8 p.m. at the home of Mrs. John Fuller, 927 Johnston St., Redwood City. Lois Cronquist of Palo Alto, Stanford University student, will be cohostess.

Delta Zeta recently held a picnic for families at Flood Park softball, basketball and swimming were enjoyed by all.

Belmont Cuts By 16 Cents Tax Rate

BY RICHARD KEUSINK

Belmont city councilmen Monday set the new tax rate for the fiscal year 1949-50, chopping off approximately 16 cents from last year's budget figure.

The council set the tax rate at 90 cents per \$100 valuation whereas the figure last year was \$1.10 cents per \$100. The actual tax rate, however, will be slightly higher as taxes of 19 cents per \$100 valuation still will be required as bond redemption and interest charges to pay the city's bonded indebtedness on the city hall.

This is slightly more than last year's figure of 15 cents per \$100, the tax charged city residents to retire the bonds.

In its final adoption, the combined taxing rate, including municipal taxes and bond redemption and interest taxes, stands at \$1.09 per \$100 as compared with the 1948-49 figure of \$1.25 per \$100.

Councilman Lester Reetz, head of the city's finance committee, explained that he thought the tax rate could be reduced and the city's recreation program continued through the next tax rate and that the city could still have an adequate unbudgeted reserve.

In the 1948-49 budget, Belmont residents were taxed 10 cents on every \$100 to maintain a city recreation fund.

"I don't think that tax is necessary this year," said Reetz. He explained that the money gained for recreation purposes could only be used to acquire property.

Reetz went on record as proposing that the recreation tax measure should be put on the next ballot. "Let the people decide," Reetz said, "It is their money."

Councilman Donnell McCarthy concurred with Reetz' suggestion to put the measure on the ballot. McCarthy said he was in favor of a program of "adequate aid."

The councilman said he was in favor of the general tax rate to be leveled for recreation purposes but he saw no definite reason why the 10 cent tax rate would necessarily have to be adopted.

"We can make it 10 cents or 8 cents, it doesn't make any difference just so we get enough money to carry out the program," McCarthy declared. However, he said he thought the 10 cent rate was the most desirable.

"In passing the new budget, councilmen also approved measures to increase the pay of city employees \$8 a month and to raise the salary of the city attorney from \$100 to \$150 a month and \$11.00 of the city engineer from \$25 to \$60 a month.

Councilmen also voted to institute measures to aid city employees in securing health insurance through the California Physicians' Service.

According to the finance committee's figures, estimated receipts to the city for the next fiscal year will be \$94,473. Of this amount, an estimated \$30,780 will be collected through municipal taxes, the biggest single item.

Total outlay for the fiscal year is estimated at \$94,247. Biggest single expenditure here would be \$30,470 for public works projects, and \$11,000 of this for salaries for street department employees.

Proposed expenditures not included on the budget is the cost of installing proposed crossing gates at the intersection of Ralston Ave. and the Southern Pacific Railroad Co. tracks. Although the cost of the gates is still not determined, the city's share should not exceed \$5500, according to budget figures. Gasoline tax funds, now held by the state for use in Belmont, will be used to cover this expenditure.

Monday the city council also: Approved an expenditure of \$84.14 for targets and ammunition to be used during an FBI-sponsored police marksmanship class to be held Aug. 3, 4 and 5.

Approved annexation of the Fagerberg property to the city. Adopted a resolution calling for expenditure of \$4000 in gasoline tax funds for maintenance of major city streets.

Appointed Officer Wiley Nugent to the position of sergeant on the Belmont police force for a probationary period of six months.

Denied an appeal of Robert Church for a variance in city zoning following the recommendation of the planning commission that Church's application be denied.

Voted to pay jurors \$3 apiece including mileage expenses, for services in the city's first jury trial.

Heard a report of City Atty. Paul McCarthy regarding the hearing before the public utilities commission on the proposed Ralston Ave.—Southern Pacific Railroad Co. track crossing.

AFL Union 'Pickets' Woolworth's

The AFL Retail Clerks Local 775 Wednesday called upon the public for support of its wage demands on Peninsula Woolworth stores, using newspaper advertisements and leaflets distributed at the stores.

In reply, a Woolworth spokesman declared negotiations have not broken down and that a "strike threat is premature and unwarranted." The union announced Tuesday that the AFL Central Labor Council of San Mateo County had voted to sanction a strike against variety stores in the county.

The union appeal said: "We're asking this giant national chain to pay us the prevailing wage it pays in its other Bay Area stores. We're asking Woolworth's to establish the same five-day week that employees work in its other Bay Area stores."

E. B. David, manager of the local Woolworth store, said he was "greatly surprised" at action of the Retail Clerks' Union Local 775 in distributing leaflets in front of the store in view of the fact that no negotiations concerning wages, hours or working conditions affecting his employees had been held with union agents.

David said that while the Redwood City Woolworth store has recognized the union as bargaining agent for its employees, all negotiations on a union contract have applied to the Burlingame Woolworth store.
